

Online Graduate Program for
Dietetics

Master's Degree (36 credits)

The Dietetics program is offered 100% online, allowing students to complete coursework when it's convenient for them. The curriculum develops students' research skills, stimulates independent thought, and provides up-to-date knowledge in foods, nutrition, food service, and business management in order to design and lead effective food and nutrition programs within a variety of settings.

Program highlights:

- All courses completely online
- \$580 per credit (includes fees)
- Courses start in January, August, & throughout the summer
- Application deadlines:
February 15 (summer/fall entry)
September 15 (spring entry)
- GRE not required

Dietetics students are...

- Registered Dietitians (or eligible for national credentialing exam)
- Working professionals
- Advancement seekers
- Enrolled part- or full-time in one to three courses at a time

Core Courses (3 credits each) - 9 credits total
