

Online Graduate Programs for

Family Financial Planning

Master's Degree (36 credits)

Graduate Certificate (18 credits)

Both programs satisfy the educational requirements for CFP® certification

The Family Financial Planning programs are offered 100% online, allowing students to complete coursework when it's convenient for them. The curriculum is rich in content and skill development to prepare you to assist families with financial management, while allowing you to focus on your personal career trajectory.

Program highlights:

- All courses completely online
- Year-round admission
- GRE not required
- \$580 per credit (includes fees)
- Courses start in January, August, & throughout the summer

FFP students are...

- Working professionals
- Advancement seekers
- Career changers
- Part- or full-time students enrolled in 1 - 3 courses at a time
